The King has come and won

Shaking the chains from us

O death where is your sting?
Since you couldn't hold our King
You're swallowed in His victory

So let this be

A song of belief
G
From fear into faith

Christ won the day

Our sin is dark as night

But the gift of God is life

In our Lord Jesus Christ
C
Now death is done
Am
And Christ won the day

Now all's beneath His feet
And our King can take His seat
For all eternity
From cursed on a tree
Now He lives in victory
Now live in victory
